COVER: RAINER HANTSCHHEL: SENIOR FIELD CORRESPONDENT

Rainer (pronounced Ry-ner) Hantschel has been covering the FCA Conventions for several years. See his look at his own Mile Hi Chapter's 33rd FCA National Meet beginning on the next page.

Do you think your Falcon should be on the cover? Send a high resolution digital photo (300 dpi at 8 x 10 inches) and at least a few paragraphs about you and your car to the Editor.

EDITOR'S NOTE

The photo coverage and compilation of the 2011 National Meet was exceptional. Fay di Zerega made sure that every winning car was photographed—not a single one is missing! This is the first time a hosting chapter has gotten every winning car. The files and winner's list were tabulated and named perfectly, making a very big difference in ease of pre-press production and publication. Special thanks to Fay for taking on the task and completing it in an organized and timely manner.

Look for more convention coverage in upcoming issues. Along with more of Rainer Hantschel's photos, we will have a feature on the Falcon Migration to the Stampede and a detailed report from Sam Austin. Do you have photos from the meet? Put them on a disc and send them to the Editor!

STAMPEDE TO STEAMBOAT

Senior Correspondent Rainer Hantschel

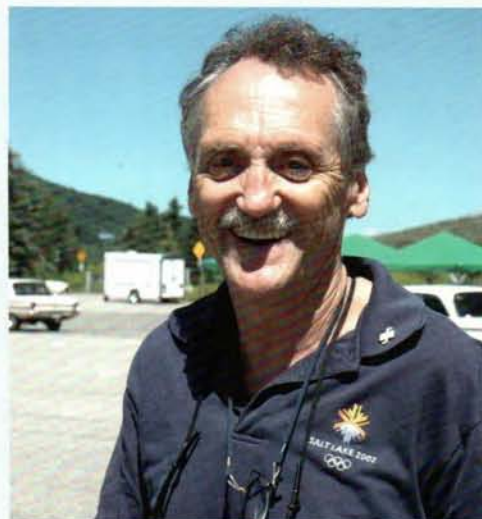

For over seven years, Rainer Hantschel (pronounced Ryner) has faithfully provided exceptional photo coverage of the National Meets. His unique perspective and attention to detail have been enjoyed by FCA members since 2004, when the convention was held in Overland Park, the Editor's home chapter hosting. He thoughtfully filled in, covering some events no one else did, and he has continued to do so each year, sometimes just flying in for a day to shoot.

He made the graduation from film to digital years ago, making the whole process even easier, on both ends.

We are thankful that he takes the effort to provide great coverage. His photos of the rodeo and wildlife cruise help give a sense of what it was like to attend. Due to his long service his official title has been changed from Field Correspondent to Senior Correspondent.

Congratulations Rainer—and thanks!

—Ed.

PRESIDENT'S MESSAGE: CHUCK BEASON

As we enjoy this festive Holiday Season, we will remember family and our many Falcon friends we've made over the years. Let us not forget this great country we share and the brave men and women serving in our armed forces around the world.

We thank them for their dedicated service, allowing us to enjoy the freedom we have in this great country.

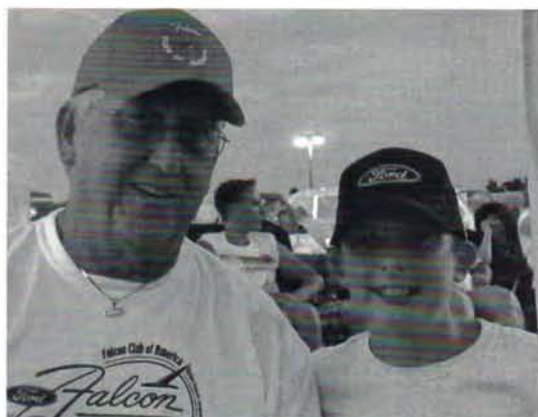

We all look forward to receiving this issue. The December *National Falcon News* is a special edition featuring the National Convention, "Stampede to Steamboat" coverage. What a terrific job the Mile High Chapter did hosting this event. The mountain scenery was beautiful and the cooler temperatures were certainly a welcome change. Thanks to the Mile High Chapter for sharing Colorado with us.

Thanks to the Chapters that hosted Regional Meets in 2011 and a special thanks to all of the FCA members attending these meets, making them a huge success. It looks like 2012 promises to be a busy year for Regional Meets and of course the 33rd National Convention being hosted by the Bluegrass Chapter, the Ohio Valley Chapter and the Hoosier Chapter in Louisville, Kentucky. Please plan to join us there for a great weekend.

At this time Carolyn and I would like to take this opportunity to wish each and every one of you a very happy and safe Holiday Season.

Remember, take a kid to a car show this year!

INFORMATION WANTED

I've recently purchased a 1963 Falcon convertible. For those who may know him, it was Carl Wright's car and I believe he was a member of the club. Carl was from Massachusetts and I live in Connecticut. I am in the process of trying to get the car registered in the state of Connecticut. In this state when you register a car from a different state, you must go through a VIN number inspection, which I thought would be a piece of cake. Well, even though both VIN numbers match the 19 year old title, the inspectors thought the door plate was not attached with the original rivets and the "v" frame brackets in the hood compartment did not have the original welds. I have two questions. Does any one have any good pictures of what those two spots should look like in original condition? Not being familiar enough, I have no idea if these are original or have been modified. Also, I've heard that cars manufactured after 1962 have hidden VIN numbers elsewhere. Does anybody know if the 1963 Falcons had these hidden numbers? And , if so, where they are located? Thanks for any help anyone can offer and wish me luck, Tom McConnell, TMconll@aol.com. CT.

I recently ran into a guy out in front of the Mandalay Bay Hotel & Casino in Las Vegas that has a Ford Ranchero, about 1960 to 1962. The interesting thing about this car is that it had a Mercury Comet front clip and a Mercury Comet dashboard that is distinctly different from the Falcons of the same years, leading me to believe that it may have been a Canadian Car. The original serial number plate was replaced by a plate issued by the State of California at some point. Did Ford produce a Comet Ranchero in Canada? Or did someone just go to a lot of trouble to build a hybrid Ford Mercury Comet ranchero? James Oberg, jamesoberg@yahoo.com.

If anyone took a picture of the display of National Falcon Convention T-shirts at the 25th Anniversary Falcon Club National Convention in 2004 in Overland Park, Kansas, please send a copy to Susan Leslie (display creator) at quilter01@comcast.net or 1916 E. 152 Terrace, Olathe, KS 66062.

Looking for an overdrive unit for a Fordomatic 2 speed automatic transmission. One unit was manufactured by the E.J.B Company of San Gabriel California in 1961. It was called "Hona-matic" by the manufacturer and it bolted on to the rear end of the transmission. This company also made units for the full-sized Fords and T-Birds. The second unit was manufactured by the Hone Manufacturing Company of Santa Fe Springs California. It was a universal unit for auto or manual transmissions called "Hone-O-Drive" or "Hone Overdrive" model 300. It was mounted between the transmission and the rear axle with the installation kit supplied. It was used on cars, trucks and motor homes in the late 60's and early 70's. Please call Joe Tatti in Ontario Canada at 905-335-2834 after 6:00 pm EST.

Letters to the Editor

Hi, Wendy,
I received my FCA newsletter the other day, and was blown away at your expertise presenting Shine On Me so accurately. Very clear representation of what the venture is all about, resulting in several inquiry calls/emails this week. Thank you, again, for the time and devotion you put into this work. You're blessing many Falcon enthusiasts with monthly bursts of color and creativity. It's a gift we all appreciate!

Regards,

Final Journey Danny McMahan

It is with deep sorrow that I inform you of the passing of long time Falcon Club of America member, Danny McMahan (FCA #4809). Danny had several years of declining health and was recently diagnosed with cancer.

He passed away on Wednesday, October 19, 2011 in the afternoon. Danny was a winter resident of Saint Cloud, Florida and summer resident of Decatur, Tennessee. He was a long time member of the Suncoast Chapter and a charter member of the Tennessee Valley Chapter.

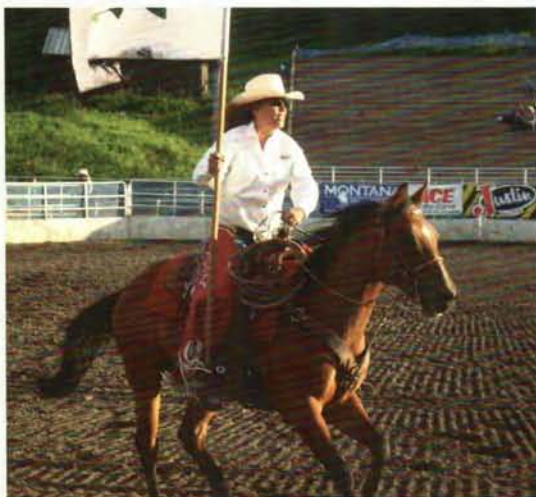

Please keep Marilyn (Mar) and family in your thoughts and prayers during this difficult time.
